* at 9:50 the track will go full course yellow. The safety car will be dispatched and pick up the leader. When the entire field is under the control of the safety car the track will go black flag all. The field will follow the safety car into the hot pits and stop in a single file line. All cars will be shut off by 10:00. Safety gear is not required, for any operation, in the hot pit during this break. Driver changes and car service are allowed. Fueling is allowed after 10:30. Jacking is not allowed. Any car that goes into the paddock and returns to the hot pit during the break will be directed to the back of the line. Cars will be restarted at 12:00 and promptly roll off behind the safety car for restart.
